

INFORM YOUR COMMUNITY

WHO WE ARE

Inform Your Community is a national 501(c)(3) non-profit organization headquartered in New York City led entirely by volunteers.

At **Inform Your Community** our mission is to capitalize on the power of authentic fun experiences to provide important relevant impactful information about civic engagement and social issues.

“ Education is the most powerful weapon which you can use to change the world ”

-Nelson Mandela

AUDIENCE

We provide high yield entertainment and information value in each of our free programs designed especially for busy people — many of whom work long or irregular hours, care for dependents, and have stressful positions. This allows for a maximization of their time by being twice as productive both having fun and becoming informed about important topics through our programs.

GOAL

Inform Your Community seeks to foster a more informed electorate. Our programs are for those who thirst for information about current topics but who also demand authentic entertainment experiences. To discuss partnering with us or sponsoring our events email info@informyourcommunity.org. Your donation helps us reach our goal. Our programs rely on your support.
